mega TILES

de Mit der Kollektion „mega TILES“ schafft Halbmond im ungewöhnten Format von 192 x 192 cm neue Dimensionen. Durch schnelleres Verlegen in großen Räumen oder auch in Zimmern kleiner Hotels liegen die Giganten klar im Vorteil.

Im Design bleibt aufgrund der geringen Schnittkanten mehr Spielraum für Musterung und bietet ein faszinierendes Designpotential, um reizvolle Akzente zu setzen.

Auch werden in dieser Kollektion vereinzelt Sets angeboten, die eine optische Zonierung verschiedener Bereiche möglich macht.

en With its “mega TILES” collection, Halbmond creates new dimensions – in an unusual 192 x 192 cm format. Faster to lay, these oversized tiles give large rooms, and even guestrooms in small hotels the wow factor.

The design, featuring lower cut edges, provides more scope for playing with patterns, thereby offering multifaceted design potential for the creation of stunning feature floors.

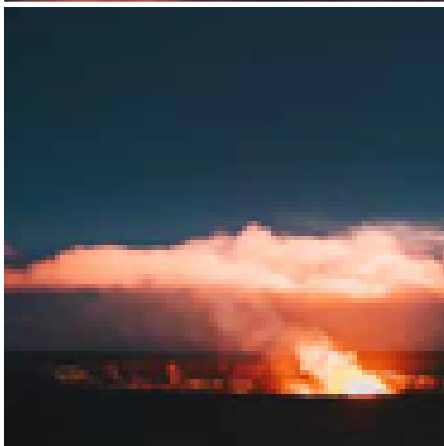

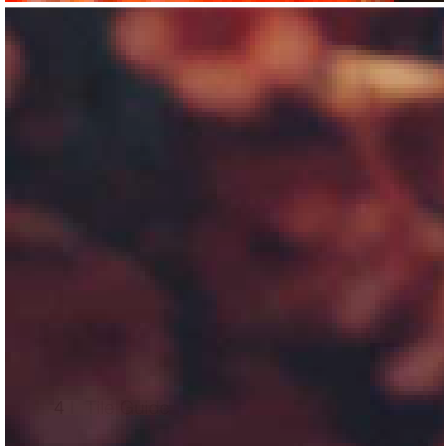

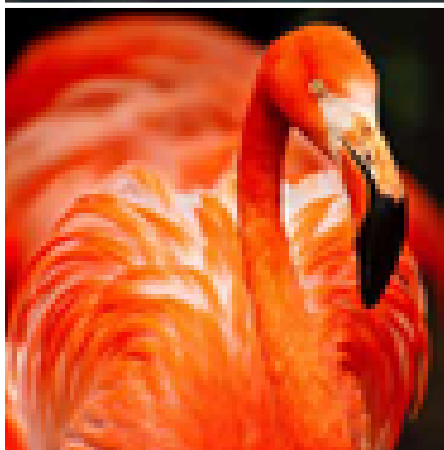

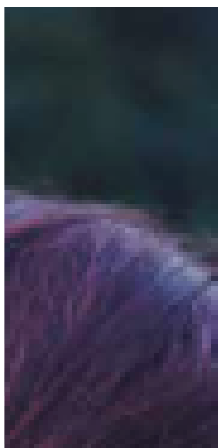

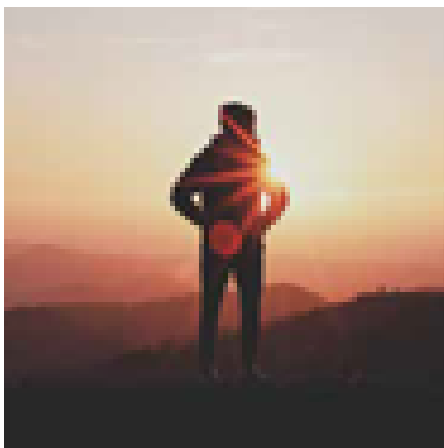

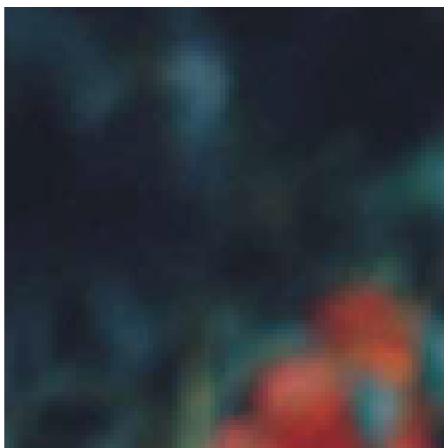

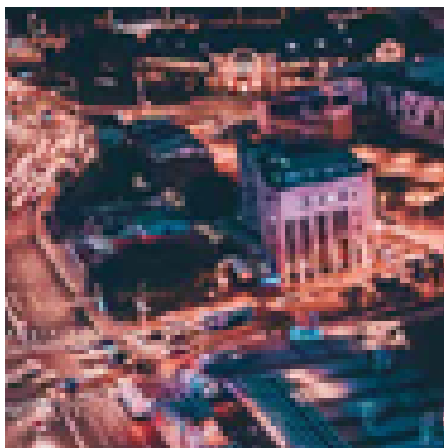

This collection also features a few sets that let you transform a wide variety of areas into visually- attractive zones.

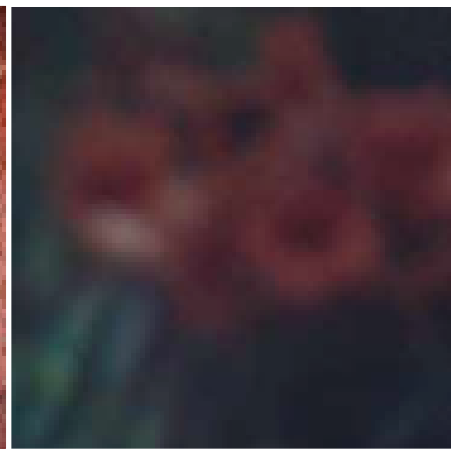

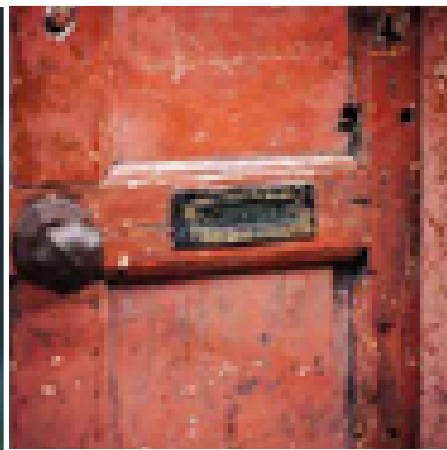

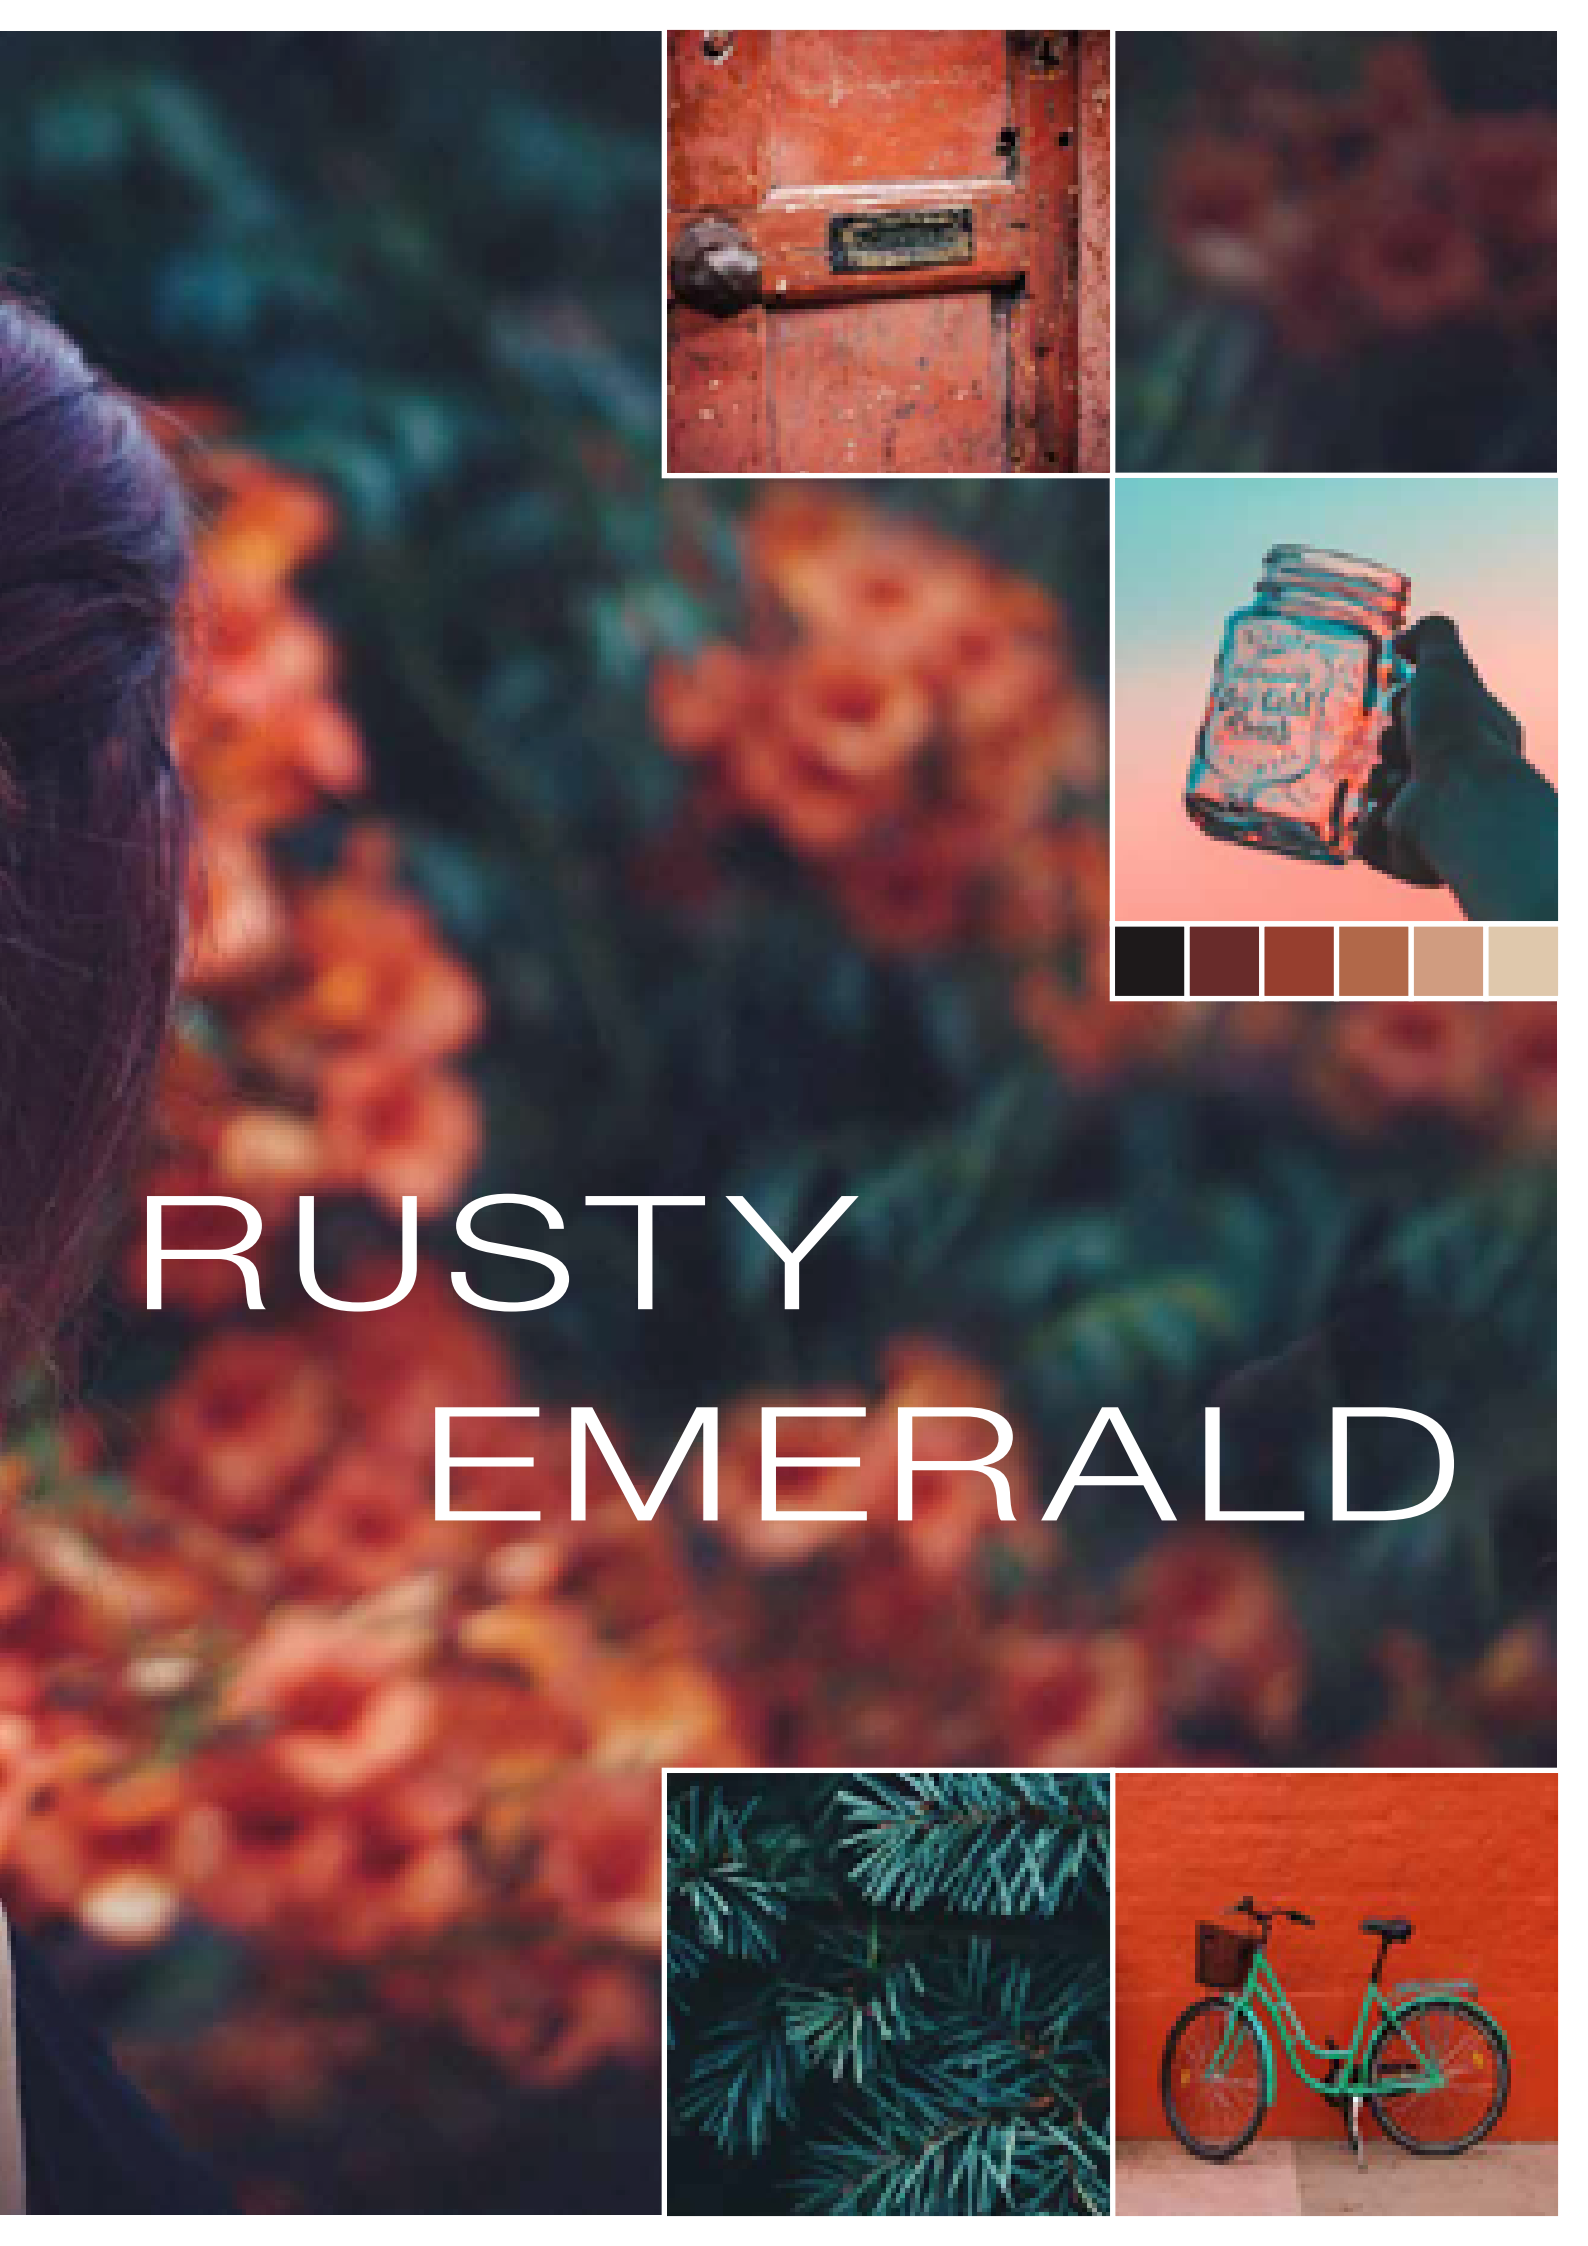

fr La société Halbmond crée avec sa collection « mega TILES » de nouvelles dimensions avec le format inhabituel de 192 x 192 cm. Les géants sont clairement avantagés avec un déploiement rapide dans de grandes pièces ou des chambres d’hôtels plus petits.

Au niveau du design, les tranches plus petites donnent plus de liberté pour les motifs et offrent un potentiel de design étonnant pour mettre l’accent sur des détails charmants.

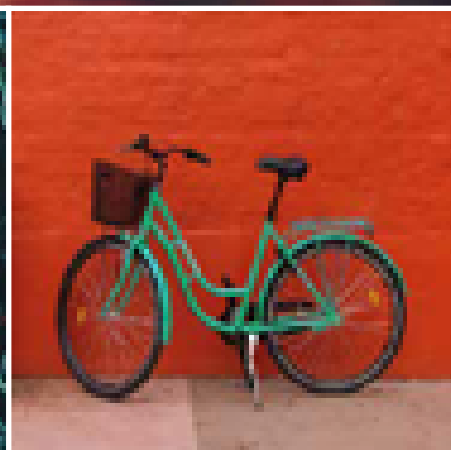

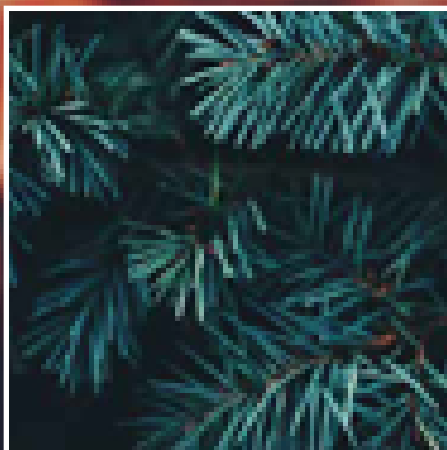

Dans cette collection aussi, divers sets sont proposés à l’unité qui permettent un zonage optique de différentes zones.

Please note that colours in this printed brochure are approximate. For correct colours please refer to our colour samples.

Attention: For technical reasons we cannot completely exclude that the design skips from tile to tile by approx +/- 5 mm. This is not accepted as a reason for a claim and possibly has to be cleared by the layer.

Veuillez noter que les couleurs représentées dans cette collection sont approximatives par rapport aux couleurs réelles. S'il vous plaît utiliser notre nuancier original.

Attention: Pour des raisons techniques un pose en quinconce de dessin de dalle à dalle doit être toléré autour de +/- 5 mm. Ca ne représente pas un motif de réclamation et doit être corrigé éventuellement par le poseur.
